## Tech Skills

### Adobe Cloud

I have +15 years of experience with Adobes programs:

- **Illustrator** I use for all kinds of vectorgrafichs, logos, icons. etc.
- **PhotoShop** I use for photo editing. cropping, mockups, etc.
- **InDesign** I use for layouts, posters, brochures, etc.
- **Experience Design (XD)** I use for prototyping.
- **After Effects** I use for motion graphics and video editing, etc.

### HTML5 | CSS3/SCSS/Tailwind CSS | JS/TS | Vue 3 | Nuxt 3

I work with these technologies on a daily basis. I design, code and producere all of my web products myself.

### Maya(3D) | AutoCad | Microstation | Siemens NX | Teamcenter

I have experience with CAD-programs from my time as a technical designer, both 2D and 3D

### CMS

Umbraco | Wordpress | WIX | Shopify | Squarespace

### Generativ AI

I use ChatGPT for saving time in generating code and images.

# My timeline

During the Corona lockdown I am job hunting while home teaching my kids.

Technical designer at Kverneland, Kerteminde  
2D drafting and BOM-lists for mechanical devices (SAP), 3D modelling and assembly (Siemens NX), Documentation & CAD-supporter.

*'Pia has managed to stand out from the traditional role as a technical designer, and has done so much more than what can normally be expected'*

In this period of time I study to become a technical designer and end up where I had my internship, Damgaard Rådgivende Ing. 2D drafting, CAD-adm., & marketing support (MS)

*"It has always been a pleasure having Pia onboard the team, since an independent effort could then be expected"*

*'We have had the pleasure of Pia's creativity and she is very popular as a colleague'*

Frederiksberg Studenterkursus in Cph. Single Course Student education in math/english/spanish

Frontend Developer and Digital Designer at Kinematic, software developers of machine control systems  
Vue 3, Nuxt, Piñia, TailwindCSS, CSS, Adobe, Jira

*'Pia juggles many different types of tasks and is very popular as a colleague'*

Study Multimediadesign and finishes with a Pba in Web Development at UCL in Odense w/ internship at farstrup Furniture & BeautyCos webshop  
Web-optimization (Wordpress), copywriting, & graphic design (Adobe)  
Xamarin apps, HTML/SCSS/JS, & e-commerce

*'If there is anything Pia doesn't know how to do, she will figure it out. Her creativity shines through in several, professional-looking, marketing material, Her creativity shines through in everything she does.'*

Graphic- & Technical designer at Naviair  
3D modelling for tower simulator, 2D airspace planning maps, documentation

*"The independent work from Pia has always resulted in products of highest quality"*

In this period of time I work with customer service and marketing in three different companies  
Customer support, order expeditions (Navision), accounting, IT support for end users (Own & MS)

*'Pia has a talent for talking to customers, she is well-spoken, and she is good at getting a start on assignments'*

A year abroad in the US  
High School exchange student at Cleveland Heights High in Ohio, living with a host family for a year.  
I still keep in contact with this family and met up in a ski trip last year

# Quote, Pia

"I do things my own way - no imitations"

"No mocca - no morning!"

"Quality over quantity"

"Happy wife, happy life...  
...happy nap, happy husband"

## Own passion projects

Vino  
La  
Vida

### SPA made with Vue 3.

*D*This is my idea based on a huge passion for wine and knowledge about wine.

*L*earn to distinct between the flavours of grapes by looking at aromatic pictures while tasting.

Lille  
Kunstner

### SPA made with Vue 3.

*W*HY: I have a dream of starting my own design bureau "Lille Kunstner", as a side geschäft. The concept is for mostly parents taking photos of their kids' drawings and uploading to this site.

*I* will then transform the drawings into different creative prints, such as kitchen magnets, invitations, coasters etc.

## Human competences

Creative | Self-motivated | Dedicated | Inquisitive mindset

## The personal side

In my personal life at the age of 47 I am done with diapers and happily blessed with my two daughters, Filippa at 12, and Augusta at 9.

I am married to Peter, who is the reason why I came to Funen back in 2010.

Peter works as an engineer and project manager at Rambøll.

We both have a passion for constructional architecture and nature and so we spend quite a lot of our sparetime on our beautiful house and garden in Odense M.

We also started travel a lot. South Africa, Sweden, Barcelona and Lanzarote we visited in the past year.

I enjoy all types of food and love having friends and family over for dinner.

In almost two year I have been volunteer as a leader for my yougest daughters girl scout group, just as I am contact parent in my oldest daughters class and in charge of arranging classtrips, etc.

## Other interests
